#### PROGRAM DESCRIPTION

Master of Education (M.Ed.) Program is a professional course meant for preparing teacher educators and educational professionals, including curriculum developers, educational policy analysts, planners, administrators, supervisors, school principals, and researchers. It offers development opportunities for people seeking to play a leading role in emerging educational practice within a range of social, environmental, and educational contexts. The degree critically examines recent developments in theory, policy, practice, and research methodologies for educational leadership across early childhood, primary, secondary, tertiary, TAFE, community-based, and other professional settings. Our program will develop learners' artistic ability and creativity, communication skills, classroom teaching, and research skills through active participation in the academic program and activities as their key attributes.

#### PROGRAM STRUCTURE:

The M.Ed. is a bi-semester, one year, 39 credit program which offers courses such as: Teacher Education: History and Policy Perspective, Foundations of Education, Methods of Teaching, Assessment of Education, Methods and Techniques of Educational Research, Curriculum and Instructional Materials Development in Primary Education, Data Analysis, Tools & IT, Intelligence, Creativity and Education, Education in Global Perspective, and Thesis/Practicum/Internship. The summary structure of the program is as follows:

Sl.	Type of course	Number of courses			Total credit

#### ABOUT RTM-AKTU

RTM Al-Kabir Technical University (RTM-AKTU) stands in an ideal position to provide career-focused courses to develop students' knowledge and skills needed for success in today's professional world. There is a growing demand for individuals who are equipped with knowledge and practical skills to become competent leaders with a focus on sustainable development in Bangladesh and worldwide. RTM-AKTU in combining academic teaching and practical learning experiences in a technology-rich environment will equip students for a changing world and workplace. RTM-AKTU's aim is to prepare students with a broad range of skills through a systematic approach for success in academic study, employment and life. This will be accomplished through the use of a contemporary outcome-based curriculum in combination with workplace internships and hands-on training opportunities. The University has a purpose-built campus located in the heart of the Sylhet City.
